MT. VERNON, KY.

LIVINGSTON

J. M. Foure has purchased a house and lot of W. B. Sigmon, for \$275.—Robert Mink has been repairing his house and built a veranda which adds greatly to its looks.—O. D. Bryant, who is a freight agent at this place, was at Mt. Vernon Sunday.—Mr. and Mrs. Cam Mullins and daughter, Miss Leila, have returned from Louisville.—Master George Sambrook returned to London Monday.—Miss Annie M. Walton has been at home for a few days visiting her parents. She returned to Barbourville Monday where she will re-enter school.

H. W. Bowman has returned from Hazard and says that country is fast coming to the front.—Cam Mullins purchased the Johnson & Coleman stock of goods and restaurant outfit and will start a restaurant in a few days.—Daniel Ponder has purchased a farm in the south and will visit that climate in the near future.—Mrs. Martha Wells and daughter, Lucia, visited relatives here Saturday and Sunday.—Mrs. A. W. Bourne is visiting relatives at Parksville this week.—W. N. Riggs, L. & N. Coal Inspector, was in Louisville last week on business.—George Murphy is representing a wholesale fruit house in Cincinnati, and we hope he will make a success.—The Ford Lumber Co will get done sawing Wednesday and will return to Ford as they have a lot of sawing to do at that place.

Judge Joseph Magee, of Crab Orchard, has been visiting Mrs. J. H. Browning and Judge H. D. Magee.—Now that the Masonic hall is complete, they flatter themselves that they have one of the best halls in the State. And we don't believe any one will dispute this if they will only come and see for themselves. The Order is growing fast here. So this building is one thing that we can boast of, for it has been said that Livingston and the cipher were synonymous and were only used to fill space. While we acknowledge our short comings and know that we have lots that had rather rest than work, yet we have scores of as fine people as ever graced a land. While the good people should not be censured for what others do, and regret and condemn certain things that go wrong, yet are, it looks like, unavoidable.—Mr. and Mrs. Shelton, who cast their lot in Oklahoma, and who have been here for a few days visiting relatives, returned Tuesday. Before leaving he sold his house and lot to Mrs. W. R. Dickerson for \$1000.

Cam Mullins and W. N. Riggs have purchased a store house on Main Street from Ben Brummett, and will put in a stock of goods and run a restaurant.—There is a wholesale flour house in Livingston in the Ford Lumber Company's store house. The style of the firm is the R. M. K. Flour Co., J. W. Rider, Manager.—One of the heaviest rains that ever fell, fell in Livingston Tuesday and Tuesday night. The river men had a good log tide.—C. A. Blanford and A. W. Bourne were in Louisville Monday on a pleasure trip.—Mrs. Charley Cromer of the Hazel Patch section, died Tuesday morning of that dread disease consumption. She was the daughter of Willis French, who died a few years ago. He was one of Rockcastle's best citizens and his family was liked by all who knew them.—A little child of Mr. and Mrs. Alf Pike died Monday morning of whooping cough.—S. E. Pennington is repairing the restaurant and will put in a new outfit and a new stock of goods.—We have learned that Mt. Vernon has some street lights. We are partial to our own town, but are proud to see the old town of Mt. Vernon get out of the rut. We are not looking for any thing of the kind in Livingston hence we will not be disappointed; but if we can't have the best things of life let's not begrudge them of others. Bill Durham, on last Friday night, got drunk and went into J. F. Foure's store and thought he would have his way. Foure ordered him out and Durham threw a bottle and then a rock and hit Foure and hurt him very bad. Cam Mullins arrested Durham and

took him to Mt. Vernon and lodged him in jail. Later he was given a trial and held over in a bond of \$300. We take our hats off to you, Judge, you are o. k.

W. M. Preston is taking a ten days' vacation and visited Parksville, Lebanon Junction and Louisville.—Dr. R. G. Webb has returned from a few days' visit to Louisville.—J. N. Baker and sons, Bill and John, were in Cincinnati last week. John tells a good joke on Bill. He said after they had gone to bed Billy woke him up and said, "don't you hear that storm?" "No," said John. "that is only the street cars," Billy said, "I reckon I know, it's a storm, don't you see the lightning?" John said, "It is only the electricity from the wire."

—J. W. Baker is in Louisville.—Mrs. C. A. Blanford and daughter, Miss Ella, have returned from Parksville.—Arthur Rice took his first degree in Masonry Monday night. This will make five brothers and father members of that order.—Bert Whitehead, who has been in the far West, has returned and is delighted with that country.

—George Pope, who has been sick so long is some better.—Little Ida May Merrimee, of Paris, who has been visiting her grandmother, Mrs. George Pope, has returned home.—Well, Mr. Editor, news is scarce in this neck of the woods at present. No one has got married, and fighting is kindly on the wane, and Hicks is off the matrimonial track, so we will have to wait until something comes to the surface.

QUAIL

J. L. Thompson, Life Insurance Agent of Bee Lick, was through this part the past week.—Elmer Scott will leave for Crawfordsville, Ind., soon.—Born to the wife of Melvin Owens on the 27th a girl.—Eld. D. R. Gentry filled his regular appointment at Providence Sunday.—The farmers are getting along splendidly turning the sod preparing for their crops.—Wheat is looking fine throughout this section. But Oh, you roads! Gee whiz they are awful.

David Elder sold to parties of the Hiatt, section, a bunch of cattle at a fair price.—John Stringer, Jr. is a very sick man.—Brent Brown has his splendid new dwelling completed and has moved into it.—Will A. Hayes of the Ottawa section, and Miss Mary Warren were united in the holy ties of matrimony on Wednesday of last week. Eld. D. R. Gentry officiating. The groom is the son of W. P. Hayes, one of our most substantial farmers, and the bride the very attractive daughter of Lincoln Warren, of Lincoln county.—W. A. Owens sold to W. H. Brown a milch cow for \$27.50.—Miss Docia Reynolds remains very feeble.—Wedding bells are soon to ring, again.—David Elder bought of Elmer Scott a yoke of oxen for \$40. It seems that cattle are coming to the top.—W. H. Brown of the Preachersville vicinity, reports having sold his farm at that place for \$4000 and bought near Lancaster for \$7000.

John Elder is talking of selling his farm to a Florence county man.—J. W. Stringer is improving his place by adding a new porch to his residence and having new fencing erected.—Brown & Albright have moved their saw mill from M. F. Craig's place to the old Sutton farm.—Mrs. Susie Herrin has been very sick but is some better at this time.—Green Sutton and wife of Preachersville visited her mother, Mrs. Sarah Herrin, Saturday and Sunday.—G. W. Parsons, who has been very sick is some better.—John A. Brown, who has tuberculosis of the bone, is reported improving.—It seems that most every body in the surrounding neighborhood have been confined to their rooms with grip.

A FIERCE NIGHT ALARM.

is the hoarse, startling cough of a child, suddenly attacked by croup. Often it aroused Lewis Chamblin, of Manchester, O., for their four children were greatly subject to croup. "Sometimes in severe attacks," he wrote "we were afraid they would die, but since we proved what a certain remedy Dr. King's New Discovery is, we have no fear. We rely on it for croup and for coughs, colds or any throat or lung trouble." So do thousands of others. So may you. POLITICS AND POLITICIANS

Elkton Times: While never enthusiastic about the candidacy of Mayor Head for Governor, it gives us pleasure to say that his card of withdrawal shows that he is both a Democrat and a gentleman.

John A. Polin is out for the Democratic nomination for Representative in Washington county and the Springfield News Leader says of him:

"Mr. Polin is a well known and popular young man of the county. He was born and reared on the farm and is a graduate of the law department of the University of Louisville. He is honest and upright and well fitted for the position to which he aspires. If nominated he will receive the united support of his party and will make a good Representative."

Danville Advocate: As yet nobody seems to have heard the stroke of the hammer in the erection of that Democratic State platform. Where are you "at," gentlemen of the committee?

Corbin Times: Senator Joseph F. Bosworth, of Middlesboro, and the Republican nominee for re-election, was in town the first of the week. Senator Bosworth states he has a number of important bills to introduce in the Legislature at the coming session.

Nicholasville Journal: George W. Boner, editor of the Kentucky Tribune, has withdrawn from the contest for the post-office. The Journal is not advised why he did so, but we are confident the G. O. P. will not select anyone for the position who has done more hard and effective work for the party in this county than George Boner.

Murray Gazette: Here we have a lot of gentlemen running for State offices as Democrats and no way provided by which a Democratic platform is to be made. It would be a nice thing, now, wouldn't it, to have a lot of nominees on a platform of principles in which they did not believe and could not indorse. Watt Hardin went down with a platform pulling one way and Watt pulling another. Hager was defeated because there was no platform at all. Is history to repeat itself? It looks mighty like it, Mistah Applegate.

Shepherdsville News: The Democrats should have a convention to write a platform on which the candidates can take their stand. When a man runs for office the voters like to know where he stands and what he advocates. We have an abundance of good material for a platform, not only in the achievements of the Democratic

party, but the miserable failures of the Republicans as well and we should put it before the people. We can win in a walk, but it will require intelligent work to do it. So let the powers that be call a convention of representative Democrats and promulgate a representative platform, put our candidates on it and frail the stuff out of the enemy.

Senator Bailey, of Texas, piqued at the attitude of his Democratic colleagues on the proposal to ratify the new State Constitution of Arizona, including the initiative referendum and recall features, tendered his resignation to the Vice President. Mr. Sherman refused to accept, and the Texan immediately telegraphed his resignation to the Governor of his State. The latter urgently requested the Senator to reconsider, and several hours later the resignation was withdrawn.

Gov. Marshall, of Indiana, Saturday signed the Senate bill which provides a new Constitution for the State. The bill, which was made a caucus measure by the Democrats, will be submitted to the people for their ratification or rejection at the election in 1912.

Italians living in the United States sent back home \$25,000,000 in 1910. This is an increase of \$8,000,000 over 1909.

Doctors Said Health Gone

Suffered with Throat Trouble

Mr. B. W. D. Barnes, ex-Sheriff of Warren County, Tennessee, in a letter from McMinnville, Tennessee, writes:

"I had throat trouble and had three doctors treating me. All failed to do me any good, and pronounced my health gone. I concluded to try Peruna, and after using four bottles can say I was entirely cured."

Mr. B. W. D. Barnes.

Unable to Work.

Mr. Gustav Himmelreich, Hochheim, Texas, writes:

"For a number of years I suffered whenever I took cold, with severe attacks of asthma, which usually yielded to the common home remedies."

"Last year, however, I suffered for eight months without interruption so that I could not do any work at all. The various medicines that were prescribed brought me no relief."

"After taking six bottles of Peruna, two of Laeupia and two of Manalin, I am free of my trouble so that I can do all my farm work again. I can heartily recommend this medicine to any one who suffers with this annoying complaint and believe that they will obtain good results."

The L. J. in Tuesday's issue printed the address of Russell Brown, the oldest son of Dr. and Mrs. E. J. Brown, of Stanford, delivered before the Lincoln County's Farmers Institute on "How to increase Poultry Profits". It was a splendid article.

Following members of Livingston Baptist Sunday School appear on the honor roll of that school for February-1911: Mrs. Georgia McClure, Mrs. T. I. Pennington, Mrs. L. G. Fallin, Miss Lucinda Hillard, Miss Lucinda Dees, Miss Cleo Pennington and Miss Reta Oliver.

On Thursday, March 23rd, Dr. Dunning S. Wilson, Medical Director of the Tuberculosis Hospital of Louisville, and one of the greatest medical authorities in the State, will deliver a stereopticon lecture on the important subject of "Tuberculosis, its Prevention and Treatment". Mt. Vernon is very fortunate in being favored with a visit by this great authority and people should plan in advance to hear this lecture.

We have a number of subscribers who have evidently come to the conclusion that we are sending out papers to their address each week just for the fun of it. If this conception prevails be at once undeceived. We certainly expect our copy and the fact you are not asked to pay over time you see the SIGNAL man, does not mean your account has been forgotten or that you will not sooner or later be called on for the pay. We need all that is due us and we need it badly. Won't you please remit?

For Auditor. The Republicans of the State have started quite a boom for Judge L. W. Bethurum, of Mt. Vernon, for Auditor on the Republican ticket. For the good of his party he has made two races for Congress in this district when there was no hope for him to win. He is a very fine gentleman.—Danville Advocate.

When asked by a SIGNAL representative as to the significance of the above article Judge Bethurum made no comment, except to say that he had had numerous requests to enter the race for the nomination.

The Henry Clay Fire Insurance Company in which many Mt. Vernon people are interested has declined the proposals and inducements offered to move the headquarters of the company from Lexington to Frankfort. The question was left to a committee of the board of directors, of which President James was chairman, and this committee has carefully considered all the inducements offered by Frankfort, but decided to decline the proposition to move to the headquarters, though appreciation was expressed of the generous offer of the business men of Frankfort.

Nothing that has ever happened has created quite so much confusion, discord and real down right kicking, as the privilege tax. Some are for it some are against it. Some have paid and some have not and say they will not. According to the ordinance today is the day when we expect something doing. It will be either pay or file the injunction prohibiting the collection of the tax, which it is generally understood that those opposed to the tax, have made up a fund sufficient to fee a lawyer and fight it through the courts. The trustees are going to stand by their acts, while on the other hand the men who are opposing the measure are as equally determined to test the validity of the ordinance. We certainly regret to see such a condition of affairs, but the board of trustees stand firm in their conviction, that they are right and have done nothing except for the best interest of the town in placing the tax for the maintenance of the lights which it would be utterly impossible to maintain, with the small amount of tax which is now being collected, while on the other hand the gentlemen who are against the privilege tax are equally sincere in their conviction and will not be satisfied until the courts have passed upon it. We understand that an injunction will be filed today restraining the town from collecting the tax.

Later:—The injunction was filed late yesterday afternoon, with Robert, E. B. C. C. and W. A. Cox, J. G. Anderson, Dr. Lee Chesnut, Attorney E. R. Gentry, U. G. Baker and M. J. Miller as plaintiffs. We have not been able to learn the grounds alleged in the petition, but we get it indirectly that the main allegation is an illegal board.

Friday March, 10th will be observed in Mt. Vernon as Arbor Day. The following program will be given at the Court House at 2:45 P. M. by the Woman's Club, the Graded School and Brown Memorial School.

Does not take into consideration the one essential to woman's happiness—womanly health. The woman who neglects her health is neglecting the very foundation of all good fortune. For without health love loses its lustre and gold is but dust. Womanly health when lost or impaired may generally be regained by the use of Dr. Pierce's Favorite Prescription.

This Prescription has, for over 40 years, been curing delicate, weak, pain-wracked women, by the hundreds of thousands and this too in the privacy of their homes without their having to submit to indecate examinations and officiously repugnant examinations.

Sick women are invited to consult Dr. Pierce by letter free. All correspondence held as sacredly confidential. Address World's Dispensary Medical Association, R. V. Pierce, M. After The Grippe

"I am much pleased, to be able to write and thank you for what Cardui has done for me," writes Mrs. Sarah J. Gilliland, of Siler City, N. C.

"Last February, I had the Grippe, which left me in bad shape. Before that, I had been bothered with female trouble, for ten years, and nothing seemed to cure it.

"At last, I began to take Cardui. I have taken only three bottles, but it has done me more good than all the doctors or than any other medicine I ever took."

Take CARDUI

The Woman's Tonic

For the after-effects of any serious illness, like the Grip, Cardui is the best tonic you can use. It builds strength, steadies the nerves, improves the appetite, regulates irregularities and helps bring back the natural glow of health.

Cardui is your best friend, if you only knew it. Think of the thousands of ladies whom Cardui has helped! What could possibly prevent it from helping you? Remember you cannot get the benefit of the Cardui ingredients in any other medicine, for they are not for sale in any drug store except in the Cardui bottle. Try Cardui.

OUR ROADS.

I have read in the columns of your paper a number of articles about our roads and everybody who writes seems to be agreed that they are not what they should be and all dwell at length upon the advantage that would accrue to this county from a good system of public roads. Now this is all very well and nobody will take issue with a statement of this kind but it seems to me to be either a waste of printers ink to tell us something that everybody already knows. It is hardly necessary to make an argument to the poor devil who is forced to drag through these wads of mud that are mis-called roads to prove to him that this thing called a road could be made better and that good roads are better for a country than poor ones. What we need is for some body to tell us a remedy for our troubles for we don't need any argument to prove that we are in trouble; we are willing to admit that. I am going to mention a few things which I think are mainly responsible for the poor condition of our roads. First they are too narrow. Is there not a standard width for our public roads and whose duty is it to see that the roads are the proper width. The owners of the land along side of the roads set their fences out on the road and nobody seems to have or at least nobody exercises any authority to prevent this. It is absolutely impossible to keep a road in condition when it is so narrow that all the trade is forced to follow in the same track. There is any number of places on the roads in my section where it is impossible for two vehicles to pass. In the second place you can't have good roads unless they are worked at the proper time and worked under intelligent supervision. As they are worked now most of the work is done too late in the year and a great deal of it does the road more harm than good. I think one thing this county needs is a competent supervisor of roads. One who knows how a road should be made and who will see that the work is done properly. There has never been and never will be anything but failure when the supervision of roads is left to the magistrate in his district. He is not going to force his neighbors to do what they don't want to do especially as he has been elected by their votes and expects to again. Besides he is not trained along lines of road building his legal training and studies somewhat tending to unfit him for the common place and practical questions of this sort. There are a number of other causes for our bad roads but for fear I will make this article too long I will not attempt to give them at this time but I will say before I close that our roads are a disgrace to any civilized or partly civilized community. They are not only not any better but are actually getting worse. This winter has not been an exceptionally bad one on the roads but they have been all but actually impassable and in a number of instances it has been necessary to dig out horses and wagons to get them out of the mud. Now this condition is known to the proper authorities but no effort has been made at all to remedy these conditions or even to repair the worst places in the road. There is no one I suppose who actually delights in paying taxes but when there are some visible returns for taxes paid he can take some consolation but under such circumstances as now confront us it does seem as if we have a kick coming.

ATTACKS SCHOOL PRINCIPAL

A severe attack on school principal, Chas. B. Allen, of Sylvania, Ga., is thus told by him. "For more than three years," he writes, "I suffered indescribable torture from rheumatism. Liver and stomach trouble and diseased kidneys. All remedies failed till I used Electric Bitters, but four bottles of this wonderful remedy cured me completely." Such results are common. Thousands bless them for curing stomach trouble, female complaints, kidney disorders, biliousness, and for new health and vigor. Try them. Only 50c at Chas. C. Davis.

The Kind You Have Always Bought

New York, March 4.—The Senate of the state of New Jersey early today completed a long executive session in the rooms of a fashionable New York hotel. The Senate was convened, with Gov. Wilson as its only guest in its annual banquet, which according to an ancient custom, is held in New York City.

Gov. Wilson was the chief speaker. He announced with a smile that he had no special message to present to the Senate and asked the audience for a text from which to speak.

"Why are you a Democrat?" was the suggestion of one of the Senators.

The Governor said he was a Democrat and not a Republican, because as he understood it, the Republican's first principle was the Hamiltonian attitude that trusteeship in government had better be administered by those who had the largest stake in the community.

"This is instanced," he continued "in the protective policy, which holds that the country is solidest which has greatest prosperity in a comparatively limited class. But I am not convinced that the stewardship of any one class is broad enough to be a safe proposition. By the Republican idea, as the men of moneyed class grow wealthier and wealthier, the prosperity of the people at large must follow increasing also. This is like standing a pyramid on its apex and we believe in building pyramids from the ground up. My desire as a democrat, is for the interests of the poorer majority with the welfare of the few a subordinate consideration.

"The fundamental questions that distinguish the two parties are national questions. I have never been a good party man in the sense of being a good hater. I cannot hate a man merely because we differ in opinion. That I love a fight I admit, but it is not because personal antagonism is involved, but in spite of that fact. The only man I can't respect is he who differs from me without having a reason for it.

"I am a Democrat, but I do not feel that this separates me from my Republican colleagues. I want to be good friends with all of you Senators, even though we differ occasionally.

"I was sorry, when I took my place at the table, to be the only one here not hailed by his first name. If some of you had called me Woodrow I should have felt that I was adopted into the family."

The Lexington Herald of recent date had the following article:

"Hon. Caleb Powers, of Barbourville, recently elected Representative in Congress from the Eleventh district of Kentucky, was in Lexington last night on his way East, and while here said that he was not 'losing any sleep' over the thought of losing his right to a seat in the House.

"I am not losing any sleep over the situation," said Mr. Powers. "I have to much confidence in the Democratic House of Representatives to believe they will arbitrarily cast out a member of that body. I have a right to believe that such men are good men or the people would not elect them, and I do not for a minute think a Democratic body would use violence to oust a Republican elected as they were elected. No, I am not losing any sleep over the situation."
